

STAFF REPORT

MEETING DATE:	June 28, 2016
SUBJECT:	Amend 2015 Regional Transportation Plan to add Non-Motorized Projects
AGENDA ITEM:	5-9
STAFF CONTACT:	Jennifer Pollom, Senior Transportation Planner

STAFF RECOMMENDATIONS:

It is recommended that the board of directors:

1. Adopt Resolution Number 16-08 (attached), finding that Amendment # 1 to the 2015 Regional Transportation Plan (RTP) is consistent and within the scope of the 2015 RTP Environmental Impact Report; and
2. Amend the 2015 RTP to add the 'West Street Neighborhood Schools Active Transportation Improvements Project' for ATP funding eligibility.

DISCUSSION:

Transportation projects included in the RTP are eligible to receive state and federal funding. The list of RTP projects is meant to be comprehensive but needs to be updated on occasion to reflect unanticipated needs. The city of Redding has requested that the 'West Street Neighborhood Schools Active Transportation Improvements Project' (attached) be amended into the 2015 RTP in order to be eligible for funding under the Active Transportation Program (ATP). The project proposes to fill in sidewalk gaps, construct curb extensions, and provide bike lanes or buffered bike lanes on West Street, 11th Street, 10th Street, 9th Street and 8th Street. The project will serve the West Street neighborhood schools north of Eureka Way. Staff has reviewed the project and finds that it is consistent with the 2015 RTP and within the scope of environmental impacts previously analyzed.

ALTERNATIVES:

The board of directors may decline to amend the 2015 RTP, or add additional non-motorized projects to the amendment.

OTHER AGENCY INVOLVEMENT:

The project is proposed by the city of Redding. The Technical Advisory Committee (TAC) concurs with the staff recommendation.

FINANCING:

Amending the 2015 RTP as proposed will have no fiscal impact on SRTA and may result in ATP grant funding for the city of Redding.
